“My students LOVED the lessons, which were very age appropriate! The guide was so full of great literacy activities that it was hard to choose just a few!”  
-Intermediate teacher

“Everything is so user-friendly and easily accessible! Having links and videos directly embedded is so helpful and helps to drive instruction and discussions. Students were so engaged and were so excited at the performance when they had prior knowledge and behind the scenes information. This was a magical experience for our students!”
